# What's STEAM ON DEMAND®?

STEAM on Demand is an innovative streaming platform that offers a diverse range of supplemental STEAM educational resources and activities, empowering learners of all ages to explore and excel in these critical fields.

## EASY FOR TEACHERS

With little to no training or preparation, teachers can facilitate discussion, hands-on activities, and assessments.

## KID TESTED, ENGAGING ACTIVITIES

From Edible Soil Cups to DNA Bracelets to Scrappy the Dancing Robot, students are introduced to STEAM concepts in a fun, interactive way.

## EASILY SCALABLE

Reach multitudes of students district-wide with our high-quality streaming platform.

“It’s always challenging getting Science instruction embedded in the day. STEAM On Demand comes with a complete package of hands-on, engaging lessons, with projects the students can take home, feeling that they contributed.”

– Assistant Principal

# DELIVER ENGAGING STEAM LESSONS WITH MINIMAL PREP

## Videos + Hands-On Activities

Deliver amazing STEAM learning experiences anywhere, with project-based video lessons that engage every student. They are quick and easy for your instructors to implement, standards-aligned, adaptable, and accessible.

## Ready-to-Go Supply Kits

Save time and get everything you need for projects from our partners at Nasco Education™, a leader in learning kits for over 80 years. No guessing at what's needed. No building order lists or sorting supplies. The work is done for you!

## 2 easy steps to success

1.

### Get access to your online lessons

A comprehensive library of video lessons covering TK - 8th grade with automated pauses for discussion, a hands-on activity, and an interactive quiz at the end.

2.

### Get your materials in convenient kits

Each kit includes materials for two lessons, with enough supplies for 12 students per lesson. Kits range from \$4-10/child per lesson.

# Why teachers LOVE STEAM ON DEMAND®

“STEAM on Demand is one of the best resources I’ve used in my 22 years of teaching elementary school. It’s so teacher-friendly.”

– STEM Teacher

## EASE OF USE

- **Minimal Training & Prep:** intuitive and easy-to-use video platform that is completely turn-key, eliminating the need for specialized teachers in different disciplines
- **Standards Aligned:** 250+ video lessons aligned to CA Preschool Learning Foundation, NGSS, and Common Core standards
- **Auto-Pauses:** on-screen discussion questions, activity pauses, and an interactive quiz at the end guide teachers through each lesson
- **Accessible:** close-captioning and ADA compliance adjustments allow teachers to support all learning styles
- **Material Kits:** custom kits from Nasco Education™ take the guesswork out of sourcing supplies

“The supplies you sent were top-notch. There was everything I needed, with extras left over. ”

– 2nd Grade Teacher

# Why students LOVE STEAM ON DEMAND®

“Best day ever!” “Make more!”

- STEAM on Demand students

- **Kid-Friendly:** every lesson comes alive with a clear concept overview, supporting vocabulary, and fun animations featuring a friendly actor, bringing each STEAM concept to life in an entertaining way
- **Take-Home Project:** students dive into a hands-on activity that they get to create, enjoy, and show off at home
- **Fun Additions:** 3D models, flashcards, and games are being added to all lessons
- **Representation:** culturally diverse instructors and Spanish translations make the lessons accessible to all students

“ This has been instrumental in helping grow our attendance. ”
