

# BUYING GUIDE

## Set up your classroom for medical training

Before they work with real-life patients, students interested in pursuing medical careers need real-world training in triage, treatment, and emergency medicine. This buying guide will help you turn your classroom into a medical training lab complete with exam tables and chairs, accessories, storage solutions, lab stations, and more so students can practice patient procedures again and again in a realistic setting.

### Exam tables and chairs

Provide realistic hands-on training and practice with affordable, high-quality exam tables, treatment tables, hospital beds, and phlebotomy chairs. These essential, easy-to-clean furniture options are designed to add comfort and functionality for students and stand-in patients in the classroom.

Exam tables and chairs	
Product No.	Description
